fime

Terminal testing services

Accelerate product deployment to support omni-channel payments

Terminal testing services with functional and security testing

Reducing development and certification time enables you to compete and grow profits.

From consultancy to training, tools and certification, we enable you to deploy terminal innovations swiftly to extend payment acceptance and improve customer experience across channels.

How it works

- Define test scope based on product configurations and target certifications.
- Request quote based on the scope.
- Book timeslot with lab for Debugging and Type Approval.
- Prepare the test samples and required documentation.
- Accredited local lab performs testing.
- On demand expert result analysis support.
- Provide test results / reports for approval.

Key benefits

- Work with a single partner, accredited by most of the international and domestic payment schemes.
- Easy access to customer-first project management with teams located across all regions.
- One-stop service for consultancy, tools and testing services across functional, security and durability.
- Utilize our expertise in innovative product evaluation, including SoftPOS, mPOS and transit solutions.

Fime can help you at any stage of your project lifecycle.

- UnionPay
- Visa (including Tap to Phone)
- WLA

What we offer

- **Onboarding support**

  Explain the certification process and its prerequisites. Validate the testing scope taking into account applicable limitations or deviations.

- **Test tool**

  Use the same tool as for the debug phase for certification in our laboratories. Remote expertise and debugging is possible with Fime experts' assistance.

- **Certification testing**

  Debug and type approval testing with the qualified testing tools. An official report will be issued to obtain the Letter of Approval.

- **Security evaluation services**

  Pre-assessment and formal security evaluation through Fime Security lab and partners.

Why Fime?

- **Trusted testing partner**

  Our accredited laboratories have offered leading payment testing services for 20+ years.

  14 laboratories across all regions to provide local support.
  A to Z services accelerating the compliance journey.

- **Engaged in standardization**

  Our experts participate in, and contribute to, major standardization initiatives.

Making innovation possible.

Making the world work.
