

Helping issuers understand the Mastercard and Visa certification processes.

This training course is designed to inform issuers about the Mastercard and Visa integration processes, as well as the Fime tools that can be used to manage card certification. It also offers guidance on each step of the integration process for issuers looking to implement new cards within their networks.

Objectives

- Understand the Mastercard integration process for issuers.
- Understand the Visa integration process for issuers.
- Identify the challenges at each stage of the certification process.
- Learn how to use the **PersevalPro Issuer** testing tool.
- Learn how to use the Mastercard Profile Advisor tool.

Key topics

- Step-by-step overview of the Mastercard integration process for issuers.
- Step-by-step overview of the Visa integration process for issuers.
- The tools and services available.
- How to use Fime and Mastercard's tools for certification.

Audience

- Issuers who need to understand the Mastercard and Visa issuing processes and learn how to use the tools necessary for successful certifications.

Prerequisites

Basic knowledge of payment and card systems. Completion of the "Payment ecosystem introduction" training would be an advantage.
