fime

Understand everything about Account-Based Ticketing systems (ABT).

This training course provides an overview of Account-Based Ticketing (ABT) systems and offers insight and guidance to those who are considering or planning to implement an ABT system within their transport infrastructure.

Objectives

- Gain a complete overview of a typical ABT project.
- Learn about ABT benefits and constraints for travelers and operators.
- Identify each level of the ABT system.
- Get detailed information about the impact at each level.

Key topics

- ABT approaches and ABT architectures.
- Overview of ABT project lifecycle.
- Impact at each level of the AFC system.

Audience

- Transport ticketing stakeholders.
- Management and staff members considering or planning to implement an ABT system.

Prerequisites

Basic knowledge on transport ticketing Automatic Fare Collection (AFC) systems. Completion of the "AFC – Ecosystem overview" training would be an advantage.
