

Understand everything about Account-Based Ticketing systems (ABT).

This training course provides an overview of Account-Based Ticketing (ABT) systems and offers insight and guidance to those who are considering or planning to implement an ABT system within their transport infrastructure.

Objectives

- Gain a complete overview of a typical ABT project.
- Learn about ABT benefits and constraints for travelers and operators.
- Identify each level of the ABT system.
- Get detailed information about the impact at each level.

Key topics

- ABT approaches and ABT architectures.
- Overview of ABT project lifecycle.
- Impact at each level of the AFC system.

Audience

- Transport ticketing stakeholders.
- Management and staff members considering or planning to implement an ABT system.

Prerequisites

Basic knowledge on transport ticketing Automatic Fare Collection (AFC) systems. Completion of the "AFC ecosystem overview" training would be an advantage.
