

# EMV 3-D Secure Test Platform

# Accelerate EMV<sup>®</sup> 3DS compliance for customer authentication.

3DS test platform and compliance services.

# Migrate with our user-friendly services and expert team.

From expert consultation to training, automated cloudbased test platform and compliance testing, Fime fast tracks 3DS product compliance to launch quickly, easily and safely.

## How it works.

- Subscription-based test platform.
- Perform pre-compliance self-testing and debugging.
- Expert support for issue analysis.
- Submit pre-compliance results for validation and ICS for registration.
- Perform compliance sessions and our lab generates the reports.
- Confirm the report and request authority approval.

## Key benefits

- Onboard easily with a smooth experience.
- Unlimited testing and debugging prior to compliance validation.
- Select and run customized test cases with different filters.
- · Accelerate problem-solving with expert support.
- Identify, review and resolve issues efficiently with a designated log view.
- Integrate pre-compliance and compliance testing into a seamless flow.
- Always up-to-date with the latest EMVCo 3DS specifications.
- Compliant with EMVCo guidelines and regulations.

## Standards

## EMVCo 3DS

- ACS 2.2.0 / 2.3.1
- Server 2.2.0 / 2.3.1
- Default-SDK 2.2.0 / 2.3.1
- Directory Server (DS) 2.2.0 / 2.3.1

#### Fime can help you at any stage of your project lifecycle.

## Intuitive user-experience.

#### 1 Keep track of your project in a glance

- Timeline view for main actions.
- Workflow for current status.

#### 2 Setup test harness in few steps

- · Security configuration and certificates.
- SUT (System Under Test) configuration and endpoint .

#### **3** Testing done your way

- Run test cases of your choice.
- · Select test cases based on their verdict status.
- Filter test cases with their tags.

#### **4** Understand test results in seconds

- Review test case results and logs.
- Download log file with current test case results.
- Submit test results to the test lab for review.
- Track historical test results.

Making innovation possible. Making the world work.
